SET BUILD 26/27TH MARCH

The stage and set for our productions are built over a weekend. So if you have a skill such as electrics, carpentry or design, then you could be involved without needing to give up your day job! If your skills are more in dress-making, then you could make costumes or set decoration. Everybody has something they can contribute even if that is painting sets, helping back stage or front of house or even props. As a group of volunteers, we welcome anything you can offer - don't hold back!
